The News.

The steamship *Pacific*, with foreign advices to the 13th inst., has arrived. Her news is not very important. France exempts from navigation dues for another year, cargoes of corn, flour, rye and vegetables. The recent equinoctial gale had caused considerable damage and loss of life among shipping on the German Ocean. The cholera is said to have made fearful havoc among the inhabitants of Mecca, Arabia. 30,000 have fallen victims to the malady. Advices from India and China are unimportant. The Liverpool breadstuffs market continued quiet.

The opponents of the Administration hold a large and enthusiastic meeting at New York last evening.

Gov. WILLARD of Indiana, has called an extra session of the Legislature of that State, to convene on the 23th of November.

Thirteen additional Postmasters, in Illinois, have been removed by the President, and their successors appointed.

In the New York market, Flour is reported unchanged, and Wheat dull and 1@2c lower. Our own market continues dull, and prices of Wheat are full five cents lower.

Mass Meetings.

CARL SCHURZ, will address the citizens of Washington County on the political questions of the day, in both the German and English languages, at the following times and places:

Wayne, Thursday, Oct. 21, 3 P. M., at A. KIRSH's.

West Bend, Friday, Oct. 22, 2 P. M., Court House.

Barton, Friday, Oct. 22, 7 P. M., at Reisze's Hall.

Newburg, Saturday, Oct. 23, 1 P. M., School House.

Farmington, same day, at W. KLOTZSCH's.

All those who love the right, go and hear Mr. SCHURZ

Election News.

California has gone Democratic over all opposition.

In Maine the Democrats have gained two members of Congress, and greatly reduced the aggregate Republican majority in the State.

The returns from Pennsylvania, Ohio and Indiana are incomplete. Many friends of Judge Douglas have been elected to Congress with a prospect of some gains in favor of the Republican-Know Nothing fusion ticket.

Later news assures us that Indiana has gone Democratic.—*Fond du Lac Democratic Press.*

This is the way in which the organs of the Sham Democracy tell the story of the October Elections. Let us analyze the statement. In MAINE, the Democratic party have gained *nothing—all* the Members elect being Republican. In PENNSYLVANIA, OHIO and INDIANA, the returns are complete, and stand thus, on Congress:

	Opposition	*Admin'n.*
Pennsylvania	22	8
Ohio	15	6
Indiana	8	6
Total	45	12

INDIANA, instead of having "gone Democratic," has elected a Republican Legislature and given 8,000 majority for the Opposition Congressmen.

TWO SCHOONERS FOUNDERED AND ENTIRE CREWS LOST.—There is scarcely room to doubt but that the schooners *Albion* and *Roman*, with their entire crews, were lost upon Lake Erie in the gale on the 7th. The *Albion* sailed from Cleveland on the morning of the 7th, with a cargo of wheat, for Oswego, and a crew of seven men all told. Accounts from that port render it too probable that she went down during the gale of that day, carrying with her all on board. The *Roman* sailed from Detroit on the morning of the 5th, also bound for Oswego, with a cargo of wheat, and has not since been heard from.

In alluding to the loss of the *Roman*, the Chicago *Democrat* mentions the fact that she was a vessel to which attached some historical interest. She was built about the year 1842, by Sylvester Doolittle, Esq., at Oswego, N. Y., as a propeller, and called the *Oswego*, and was the pioneer of a line running from there to nearly all Western ports. She was the first propeller ever built upon these lakes, and in fact one of the first ever built to run in open waters, upon Ericsson's plan. This class of steam vessels, now so numerous, were then stigmatized as the "Oswego humbugs." In 1852 or '53, the *Oswego* was razed, and rebuilt into the schooner *Roman* by her original owner.

The *Roman* was owned by A. A. Adkins, of Detroit, and commanded by Capt. W. Wheeler; Ira Wells, first mate. Mr. Wells has a wife residing at Detroit. There were in all eight persons on board. Her cargo was consigned to Messrs. Ames & Sloan, and was fully insured. The vessel was insured for $2,500.

The *Albion* and her cargo were owned by Doolittle, Irwin & Wright, of Oswego, and both vessel and cargo were fully insured.

COLUMBIA COUNTY SUGAR CANE.—We have received from Mr. BRAYTON, of Fall River, Columbia County, a bottle of superior molasses, made from Chinese Sugar Cane, growing in Fall River. A mill now in operation in Fall River makes from 50 to 60 gallons per day. The average yield of molasses has been, so far, in that neighborhood, from 120 to 160 gallons per acre. One or two attempts have been already made to convert the molasses into sugar, and strong hopes are entertained of making a good sample of sugar and in fair quantities from the sugar Cane.

The sample sent us is clear, sparkles when being poured, and is of a pleasant taste, resembling the maple molasses in flavor. As a sauce for buckwheat, or griddle cakes, it is equal to any molasses or syrup. We think, with Mr. BRAYTON, that by a proper cultivation of the sugar cane, Wisconsin may yet make a large portion of the sugar necessary for her home consumption.

☞ The Republicans of the Second Ward have elected Messrs. AD. CRAMER, WM. FRANKFURT and L. T. LEIBOLD as their delegates for the Republican County Convention.

Correspondence of the Sentinel.

Gov. Randall at Fond du Lac.

FOND DU LAC, Oct. 20, 1858.

MESSRS. EDITORS:—A large and enthusiastic meeting of the Republicans of this city, convened last evening at Darling's Hall, for the purpose of listening to Gov. RANDALL, upon the various political topics which now occupy the public mind. Although notice of the meeting had been given only a few hours previous, the Hall was crowded to overflowing. The late discussion between BELLINGHAM and LARRABEE, a notice of which appeared in your paper, had aroused the Republicans and created in them a desire to hear more upon the same subjects.

The Governor opened his remarks by an allusion to the great natural laws which underlay the structure of our Government, showing by strong and logical arguments, the distinctions between natural rights, and those which are merely the result of Legislative enactment. He showed that life, liberty and the pursuit of happiness are inherent and inalienable rights derived from the Creator; that Governments could not create life, liberty, nor the right to the pursuit of happiness, and therefore could not take them away.

The Constitution of the United States, declared in itself the objects for which it was formed, amongst which were the blessings of Liberty.—Slavery was unknown to the Constitution. The Governor in an able argument swept away the foundations of the decision of the Supreme Court of the United States in the Dred Scott case.—He referred to the prevailing opinion of the American people, on the subject of the citizenship of black men in the early days of the Republic. The cause of the war with Great Britain was the impressment of American citizens into the British service. Three out of five who were impressed, and who were claimed by our Government as citizens, were black men and one of them a slave.

After thoroughly discussing the issues which pertain to national politics, he came home to those matters more immediately connected with interests of the State. He admonished all parties to elect their best men to office, men who are honest and capable, and whose characters will be a guarantee that the State will not again be subject to the humiliating scenes which disgraced her fair frame during the disposition of the Railroad Land Grants.

But it is not my purpose to report the Governor's speech. It would be impossible to do it justice in so short a communication. Suffice it to say, that while he did not condescend to party politics, or personalities, he held the large audience for nearly two hours, in one of the most effective and elegant addresses we have ever had the pleasure to hear.

The Republican prospects are every day brightening in this portion of the State, and the Third Congressional District will, beyond a peradventure, in November next, echo back the voice which has just been heard from Pennsylvania, Ohio and Indiana. Entire harmony prevails in the Republican ranks, and as far as heard from, the different counties have been fortunate in their county nominations. No better work can be done for our cause, than the speeches of Judge LARRABEE. His apology for slavery, his argument on the inequality of the races, and his adherence to the Dred Scott decision, will produce a more powerful effect upon the voters of this District than the ablest efforts of Republican orators. The ides of November will prove that he has been "weighed in the balance and found wanting." D.

SMALL BUSINESS.—For some reason unknown to us, the local of the *News* keeps up a constant war upon the Police of our city, and from time to time, charges them with all manner of derelictions.—When public officers do wrong, or neglect their duties, they should be exposed and reprimanded by the press; but it is very unjust for an editor or newspaper reporter to endeavor to cast imputations upon the character of honest and efficient officers, for the sake of gratifying mere personal malignity.

In all the *News'* bowlings of misdoing on the part of the Police, we have never known it to offer a particle of proof to substantiate its charges. For instance, in its issue of the day before yesterday, it describes a disgraceful fight, which it says lasted half an hour, and adds, "We understand a policeman was present, *but made no effort to quell the disturbance.*"

Several of the police instructed officer DODGE to call upon the *News* reporter, and request him, in justice to them, to publish the name of the policeman referred to; but instead of doing this, he reiterated the charge in yesterday's issue, and says the authority upon which he made the charge is "unquestioned," at the same time *refusing* to give the police his "authority."

There may have been a policeman present upon the occasion to which the *News* reporter alludes, and if he were aware of it, his own duty, as well as justice to the other members of the police force, demand the publication of the officer's name. We are inclined to think, however, that the whole story is without foundation.

THIRD AND FOURTH WARDS.—The attention of the Republicans in the Third and Fourth Wards, is directed to the call for Caucuses in those Wards, *this* (Friday) evening. Let all be on hand!

Chamber of Commerce.

The members of the Corn Exchange met last evening, according to previous announcement, and re-organized under the name of the "Chamber of Commerce," of the City of Milwaukee. The committee appointed at the last meeting, for that purpose, reported a Constitution and series of By-Laws, for the government of the association, which, after a very full discussion, were adopted, with some slight amendments, and immediately some 28 or 30 members signed the Constitution and paid the initiation fees.

Under the present organization, Merchants, Bankers, or Produce Dealers can become members, and all engaged in Mercantile or Commercial pursuits are particularly solicited to join the Association. The objects of this organization, as stated in the constitution, are to promote just and equitable principles in trade, to discover and correct abuses, and to support such regulations and measures as may advance the prosperity of the Mercantile and Commercial community. The officers of the Chamber of Commerce are to consist of a President, Vice President, Secretary and Treasurer, and nine Directors, all of whom are to be elected on the first Monday in April, after the present year, and hold their offices for one year, or until their successors shall be chosen.

There is also to be chosen every six months a Committee of Reference consisting of five members, whose duty it shall be to examine and decide matters of dispute duly submitted to them as provided by the act of incorporation. Mr. BOOTH made a proposition to furnish the Chamber of Commerce with the large and commodious room, or rather store, in his new building, and also furnish papers from all the principal cities in the Union, telegraph reports, light and fuel, &c., for $10 per year from each member.—No action, however, was taken upon this proposition.

After the adoption of the constitution and by-laws, the evening being well advanced, it was resolved to adjourn to this evening, for the purpose of electing officers and also appointing a Grain Inspector.

AN ELOPEMENT NIPPED IN THE BUD.—On Wednesday last, Chief of Police BECK received a despatch from a Mr. PIERSON, of Beloit, to the effect that a scoundrel named GLANTZ induced a daughter of his, of about 15 years of age, to elope with him, and that they had taken the cars that morning, it was believed for this City. Mr. PIERSON begged that the parties should be arrested if they came here.

Accordingly BECK sent an officer to each of the Railroad Depots with a description of the runaways. Policeman GARLICK was the successful one. He found the guilty couple at the La Crosse Depot just procuring their tickets for the West, and arrested both of them. Mr. PIERSON was immediately apprised of the fact, and he came here on the afternoon train, and returned the same day with his wayward daughter. The girl was quite rejoiced to see her parent, and before leaving she told the scamp who had decoyed her away that she never wished to see him again.

She is a mere child, but of very prepossessing appearance, and the scamp GLANTZ undoubtedly induced her to elope with him for the purpose of consummating her ruin—indeed he boasted of this after the father had taken her away. By means of the telegraph and the vigilance of our police, however, his base design was frustrated. We trust that LENORA, for such is the young girl's name, will profit by her perilous adventure.

A STRANGE CASE OF ROBBERY.—A young man named ISAAC BICKING, who has been in the employment of one of our largest dry goods houses for some time past, was yesterday committed to jail to await trial at the Circuit Court, on the charge of stealing an overcoat of the value of $30, from the Newhall House, on Wednesday evening. He was seen by one of the employees of the Newhall House, after prowling about the house for an hour or more, go away with an overcoat which was suspected not to be his own. It was soon discovered that an overcoat had been stolen, when policeman GARLICK was put in possession of the particulars and after a short search found the coat in the young man's trunk, at his boarding place. When first arrested BICKING denied the theft, but the officer says he afterwards confessed his guilt, and said that he "wanted an overcoat and had none."

The fact of his having a good situation in a flourishing establishment, and of course being in comfortable circumstances, renders his conduct extremely mysterious.

Common Council Proceedings.

MAYOR PRENTISS PRESIDING.

An adjourned meeting of the Board of Aldermen was held on Wednesday evening, his Honor the Mayor, presiding.

Alderman DAGGETT presented a petition from E. MACK, requesting that "necessary steps be taken to carry the water to the River, which runs down Martin street," which was referred to the Street Commissioners.

The chair presented a memorial from Patrick Duffey, asking that the judgment obtained by him against the city, for $300, be paid immediately. Referred to the Finance Committee.

The Chair presented a communication from Jacob Hommer, proposing to sell to the city the south half of lot 11 block 102, Fifth Ward, where the House of Engine Co. No. 7 stands, for $700.

Alderman Phelps, from the Committee on Rail Roads, reported back, without action, the memorial of L. W. Neeks and others, in relation to a draw bridge which they were anxious the M. & C. R. R. Co. should have constructed across the Kinickinic river, in the Fifth Ward, and moved its reference to the Street Commissioners, which was agreed to.

A city order for $48,39 was authorized to be issued to H. Waterman, in lieu of one which be lost, for the same amount.

The chair presented recommendations from the Street Commissioners for improvements in the First and Seventh Wards, which were referred to the respective committees.

The following resolutions adopted by the Board of Councillors, were taken up:

A resolution instructing the city attorney to take measures to have removed the injunction in connection with the opening of Elizabeth street, was concurred in. Also, a resolution instructing the Street Commissioners not to let the grading of Elizabeth street until such time as the injunction shall have been removed. Also, a resolution extending the contract of C. Buehling, for grading Poplar street, ten days. Also, a resolution instructing the Chief of Police to cause the removal of all obstructions from Hamson street. Also, two resolutions extending contracts for grading. A resolution to settle with J. Graff or the holder of the Street Commissioners certificate, issued Sept. 29, 1857, against lot 10, block 125, First Ward; for, $88,25; was slightly amended and agreed to.

The following Street Commissioners recommendation, were adopted by resolution, viz:

First Ward, To have Knapp street and side walks graded, and walks planked from Astor street to the west line of Rodger's Addition; also to grade Division street in front of lots 8 and 4, in ½ block 24.

Seventh Ward, For gravelling Division street in front of lot 1, block 105.

Alderman Phelps offered a resolution instructing the City Clerk to serve a copy of the resolution adopted some time ago, upon the City Attorney, instructing that officer to interpose a defence on the part of the city, in the suit of the Town of Milwaukee, in relation to the Alms House lot, which was adopted.

A resolution granting the petition of Phillip Lawrence, in relation to a building he is erecting in the Third Ward, was adopted.

A resolution was adopted instructing the Gas Company to erect a lamp post on Cass street, in front of the Church of the Redeemer.

A resolution instructing the Comptroller to countersign the contract of Leonard Hull, for grading the crossing of Madison and Monroe streets in the Fifth Ward, was adopted.

A resolution requesting the Gas Company to erect a lamp post on the corner of Third and Beers streets, in the Sixth Ward, was adopted.

A resolution was adopted granting the request of Chas. Quentin and others, for the organization of a new fire company, to be situated on the hill, for the Sixth and Ninth Wards, with the proviso that the City should be put to no expense by such organization. The citizens, we believe, propose to donate a lot for a house, and purchase equipments for the Company.

A motion by Alderman DAGGETT, to re-commit the petition relative to Sunday night dances to the committee on Police, was carried by a vote of two to five.

A resolution was adopted, after some debate, authorizing the immediate construction of cisterns at the following places in the Seventh Ward, to be used in cases of fire: One at the Seventh Ward Public School House, one at St. Paul's Church at the crossing of Mason and Jefferson streets, one at the Church of the Redeemer on Cass street, and one at the Church of St. Mary's, each cistern to be 12 feet in diameter, 12 feet deep, and built of stone, with a cement lining.

After the allowance of accounts, and the transaction of some other business of minor importance, the Board adjourned to the next regular meeting.

THE NORTH-WESTERN QUARTERLY MAGAZINE, conducted by JAMES GRANT WILSON, October, 1858. Chicago: RUFUS BLANCHARD. Price 25 cents.

The first number of this new candidate for popular favor has been some days on our table, unnoticed; and even now we shall not be able to give more than a partial indication of its contents. We cordially welcome so creditable a representative of the Literature of the North-West, and consider the publisher fortunate in securing the services, as Editor, of a gentleman of Mr. WILSON's ability, industry and good taste. The initial paper gives a rapid historical sketch of this region, from the time, nearly 200 years ago, when it was first traversed by the Jesuit Missionaries, whose memory is perpetuated in the names of several of our counties, to the present day, and embraces, also, much statistical information of permanent interest. Next comes an episode in Spanish history, followed by a number of lighter articles, including translations from SCHILLER and LESSOKEN, several clever literary notices, the number winding up with the topic of the day—the Atlantic Telegraph.

As a taste of the Editor's genial and appreciative qualities, we commend *The Home of Robert Burns*, a pleasant gossip *anent* a personal visit, and *About Painters and their Works*, a sketchy discussion of Raphael, Rubens, Murillo, and Paul Potter, for which his continental gatherings furnished abundant materials, and is not a whit behind many an article which helps to make up the reputation of Eastern "Mags." We must not forget to mention that the numerous ingredients are not wanting, the interstices being filled up in that way. A specimen copy may be seen at the Young Men's Association Rooms, next north of the Newhall House, on Main St.

UNITED STATES HOTEL.—Our readers who may have occasion to visit La Crosse, will do well to stop at the "United States." They will find it one of the very best Hotels in the City. Mr. C. P. STEES, the gentlemanly proprietor, and Mr. A. S. WAITE, the obliging Clerk, leave nothing undone to please their guests, and render their stay pleasant and comfortable.

THE MADISON CADETS.—The *Journal* says the Madison Cadets commenced drilling on Tuesday evening, under the instruction of their commandant, Major E. E. ELLSWORTH, who is an accomplished and thorough drill master. They have secured an armory in ATWOOD's block, where they intend to drill three times a week.

ALBANY RESTAURANT.—Major FIELD, at the Albany Restaurant, is the best hand to serve up oysters, in all imaginable shapes, that we know of. Epicures and others, in search of something good to eat, will be sure to find it at "the Albany."

Grow has, Over Seven Thousand Majority!

We apologise to the steadfast Republicans of the XIVth (Grow's) District, Pennsylvania, for having underrated their majority at 4,000. It is, of course, a good deal more than that. Here the official vote of two Counties:

	Grow.	Parkhurst.
Bradford	4,774	920
Tioga	3,211	680
Together	7,985	1,500
Grow ahead		6,485

Susquehanna cannot have added less than 1,000 to this.—*N. Y. Tribune, Oct. 19.*

DISASTER TO THE DAM.—In our regular issue this week we stated that the Dam at this place was nearly completed, and expressed confidence in its permanency. To day has shown that part of our confidence was misplaced. About two o'clock this afternoon, as the workmen were putting on the last timbers of the crib work, on the top, and as all hands were about to be put to loading it with stone, the tree work commenced moving at the east end, next the chute; and as this caused the main rush of the water in that direction, a considerable portion of the tree work was taken out. All the chute and foundation remain firm; the crib work in the river is donot less undisturbed; and from fifty to seventy-five feet of the tree work at the west end remains.—Although but a small portion of the whole work has gone, it makes a pretty large opening. The contractors say they now know all that caused the trouble, and that the difficulty will be easily avoided in replacing the tree work which has gone. It is their intention to go on to-morrow morning to repair the damage.—*Kilbourn City Mirror, Oct. 19th.*

SUFFOLK BANK.—At a meeting of the Directors of the Suffolk Bank, on Saturday, the following circular was ordered to be issued to the various country banks having accounts with that institution:

SUFFOLK BANK,
BOSTON, Oct. 16, 1858.

DEAR SIR:—The business of assorting country money will not be continued by this bank after the 30th of November, 1858.

Respectfully yours,
J. AMORY DAVIS, Pres't.

Probably the banks, at their next meeting, will take into consideration the subject of the adoption of a new system of the redemption of the bills of New England.—*Boston Traveller.*

☞ A correspondent of the National Intelligencer proposes a method of suddenly stopping a train of cars on a railroad, in order to prevent accidents. His plan is to have an apparatus placed in front of the driving wheels and over the track, with a communicating string leading to the engineer's stand; almost immediately a constant stream of oil could be poured on the rails, and the forward motion of the train would entirely cease, when, or soon after, the last car of the train reached the oiled portion of the rails.

QUERE'S COD LIVER OIL JELLY.—Approved by the N. Y. Academy of Medicine, in their sitting of June 3d, 1857, contains 85 per cent of Pure Cod Liver Oil.

QUERE'S COD LIVER OIL JELLY.—No druggists establishment lacking this delightful preparation, made from the pure white Oil, expressed from the Liver of the Cod, and which contains eighty-five per cent of pure oil, is complete in its list of remedial agents. Unqualifiedly endorsed by that learned society, the New York Academy of Medicine, what druggist can look over this invaluable preparation? The steamship Pacific, Capt. W. C. Thompson, has arrived at this port, from Galway six o'clock on the morning of the 13th. The Pacific arrived at 10 o'clock this morning. She has 280 passengers, among whom were Lord and Lady Barry and suite. She encountered heavy gales during five days.

GREAT BRITAIN.—The corporation of Limerick had started a project for a Trans-Atlantic Line between France and America.

The equinoxial gale had done considerable damage to shipping in the German Ocean.—Several wrecks, with loss of life, are reported, but no American vessels are mentioned.

The new Company for completing the Great Eastern had been delayed in its organization, by the non-attention of the Directors of the old Company to complete the necessary forms.

FRANCE.—France exempts from Navigation Dues for another year, cargoes of corn, flour, rye and vegetables. The two French men-of-war have arrived at Lisbon. The Paris press publishes the correspondence between the U. S. Minister to Nicaragua and the foreign Minister of that Republic, touching the convention of Felix Belly. The American Minister declares that no arrangement of Nicaragua with Mr. Belly shall be recognized or assented to, that is contrary to the just rights acquired by American citizens, and that the liberal policy resulting from the transit treaty of November last, shall be constantly maintained. The Nicaraguan Minister replies that he wishes only for justice and its rights. It desires friendly relations with us, but declares the transit treaties of no value, because the route was not opened at the stipulated period. Mr. Belly appealed to the Clayton Bulwer treaty for protection, and Lord Palmerston, in a letter to Mr. Belly, tells him that the stipulations of that treaty will, in his own opinion, apply to his scheme if it is carried out.

Republicans, to your Posts.

Our Republican friends, in the city and country, are reminded that the Republican County Convention is to meet at the Court House, at noon *to-morrow* (Saturday) to consider the expediency of nominating a County ticket and to organize for the election, now only *ten days off*. In view of the peculiar posture of affairs in this County, prudent counsel and well-advised action are of the first importance to the success of the Republican Cause. Let our friends, then in all the Wards, send up their soundest men to the Convention and let us reason together. Meetings should be held *to-night* in those Wards which have not yet appointed their Delegates.

RIVERS AND HARBORS.

For Sailors and Ship-Owners to Think of.

The commerce of the Western Lakes has now reached an aggregate value of THREE HUNDRED AND FIFTY MILLIONS OF DOLLARS. It employs many hundreds of vessels and many thousands of men. It is one of the great interests of the country, and by every rule of right, entitled to the fostering care and protection of the Federal Government. Yet how has that interest always been treated by the Sham Democracy? Look at the persistent refusals of Democratic Congress after Democratic Congress to pass any appropriation bills for River and Harbor Improvements. Look at the repeated *vetoes*, by Democratic Presidents, of all such appropriations, when reluctantly made by Congress. Look at our dismantled harbors on the Lake, only saved from utter destruction by liberal expenditures on the part of the people. Look at the long list of marine disasters, involving heavy loss of property and life, and largely attributable to the want of suitable Harbors of Refuge.

For all these things, the so-called Democratic Party are mainly responsible. They either utterly deny, or obstinately refuse to exercise, the power to appropriate money for River and Harbor Improvements. And yet, *this very year*, the Party which thus refuses to give *a single cent* for the protection of our Lake Commerce, has wantonly lavished ONE HUNDRED MILLIONS OF DOLLARS on other branches of the public service! How long will the People at the West submit to this crying injustice? How long will the electors on our Lake Shore stand by a party which ignores their most important interest?—How long will the citizens of Milwaukee support that Sham Democracy, which compels them to tax themselves to build and maintain a Harbor which the General Government ought long since to have constructed and kept in repair? SAILORS, SHIP-OWNERS, MERCHANTS and FORWARDERS of Milwaukee! Think of these things, when you come to the polls, on the 2nd of November!

All is Well!

There is nothing of the good news from INDIANA, PENNSYLVANIA and OHIO to take back.—Everything hitherto claimed, holds good. The Victory is complete and overwhelming. The friends of Freedom are everywhere jubilant, while the Pro-Slavery Democracy go about the streets drooping as bulrushes.

These advantages must be followed up in New York. When Pennsylvania and Indiana have wheeled into the line, the Empire State must not hold back. Nor will she. The Watch Fires are burning brightly, and Victory will perch upon our Banners!

REPUBLICANS! give the few remaining days to Organization. See that your Town is canvassed. Arrange for a full vote. Appoint your Committee men. Prepare your Wagons; and see to it that every vote in your district is polled before 12 o'clock. A stern chase is a hard one. Let the Dough-Faces try it.—*Albany Eve. Journal*

What is true of NEW YORK, is equally true of WISCONSIN. Victory, here, is within easy reach. But even here *we must work to win*. Just TEN DAYS are left us for preliminary labor. A *thorough organization* is indispensable to success; for without it, we cannot get out a FULL VOTE; and a full vote is the condition precedent to a Republican triumph. Make it *your* business, then, Republican reader, to see that *every voter* in your immediate neighborhood, is urged to the polls, on the second of November. Let there be few laggards and *none missing*.

Question for the People to Answer.

The Slave Democratic Party contend that it requires 93,540 people to make a Free State of Kansas, while they are willing to have it come in as a Slave State with only 35,000.

IF THIRTY-FIVE THOUSAND PEOPLE ARE ENOUGH TO FORM A SLAVE STATE, WHY SHOULD THEY NOT BE ENOUGH TO FORM A FREE STATE?

The "English Bill," the Democratic "finality," excludes Kansas from the Union until she has acquired her full representative population. That bill is the Administration measure. The Democratic candidates for Congress, in this State, 1. elected, are pledged to support the Administration and its measures. Are the electors of Wisconsin in favor of keeping Kansas out of the Union, to punish her for preferring *Freedom* to SLAVERY?

CONSIDERATIONS FOR WORKING MEN.

The following is an extract from one of Gov. HAMMOND's Democratic speeches:

"SLAVERY IS THE NATURAL AND NORMAL CONDITION OF THE LABORING MAN—WHITE or black. The great evil o Northern free society is, that it is burdened with a SERVILE CLASS OF MECHANICS AND LABORERS unfit for self-government, and yet clothed with attributes and powers of citizens. MASTER AND SLAVE IS A RELATION IN SOCIETY AS NECESSARY AS PARENT AND CHILD: AND THE NORTHERN STATES WILL HAVE TO INTRODUCE IT. The theory of free government is a delusion."

How many "MECHANICS and LABORERS" in Milwaukee will give their votes to a Party whose recognized leaders thus taunt them with being "*Slaves*," and "unfit for self government?" How many of them will any longer sustain that Sham-Democracy, which holds that "Slavery is the Natural and Normal Condition of the Laboring Man, *White or Black?*" How many of them will support for Congress a candidate like BERIAH BROWN, who upholds that decision of our Supreme Court which "*establishes* SLAVERY *everywhere?*"

The Issues Before Us.

Shall the Government of this country be administered by the people, for the people, or by a privileged class, for a privileged class? *Is the Constitution, in fact, what it is now claimed to be, the bond and guarantee of Slavery; or what the fathers of the Republic believed it to be, the shield and safeguard of Liberty?* DOES IT ESTABLISH SLAVERY EVERYWHERE OUTSIDE OF FREE STATES, OR LIBERTY EVERYWHERE OUTSIDE OF SLAVE STATES? SHALL THE POWER WHICH IT CONFERS BE USED FOR THE EXTENSION AND PERPETUATION, EVERYWHERE, OF HUMAN BONDAGE OR OF HUMAN FREEDOM?

The DRED SCOTT decision, which has introduced the new reading of the Constitution, is the chief plank in the National Democratic platform. Mr. BUCHANAN endorses it; the party press and leaders sustain it; the party candidates are pledged to it. In this State, the Democratic candidates for Congress, BROWN, DUNN and LARRABEE, all stand up for the DRED SCOTT decision. The Republican nominees, POTTER, WASHBURNE and BILLINGHURST, all denounce it as iniquitous and unjust. FREEMEN OF WISCONSIN? How do *you* stand on this momentous issue?

The News "Ox Badly Gored."

The result of the Democratic Convention on Wednesday last has thrown political matters in this county into "most admired disorder." It would be idle to deny that while several of the candidates named are unexceptionable men and quite competent for the duties of their stations, the ticket, as a whole, is repugnant to a large division of the Democracy, and that threats of "bolting" are ominously loud and general. Even the *News* has caught the infection and while it runs up the ticket, *without a single approving word*, it very plainly encourages those who have called a meeting for Saturday night to get up a new ticket. And yet, only the day before the Convention, the consistent and reliable *News* talked in this wise:

THE DEMOCRATIC COUNTY CONVENTION.—The convention which meets to-morrow at the Court House in this city, is in many respects the most important political meeting of this season. It will convene for the purpose of nominating a county ticket to be supported by the democracy; and we do not doubt the election of the nominees of that convention by a very decisive majority. Strong efforts will be made to defeat them, but unless we mistake very much the signs of the times, such efforts will prove abortive.

The canvass for delegates has been active and spirited in most of the wards and towns, which has called out a very full vote at the primary meetings, and generally resulted in the election of delegates whose views and preferences were well understood by their constituents. *No one will seriously question the fairness and regularity of the primary elections.* There are several candidates for some of the offices, and the consequent disappointment of some of them, as well as of their numerous friends, is unavoidable.—Only one man can obtain a regular nomination for one office, and we therefore urge the several candidates who submit their claims to the convention, *to consider themselves honorably bound to abide by the decision of the convention.* We also call upon the democracy of this county to determine now, *be the result ever so distasteful to them, to acquiesce in it.* * * * In canvassing for delegates each party has been confident that their favorite was much the strongest candidate, and have probably expressed their apprehension that some other candidate might fail of an election. This is all well enough before making the nominations; but after they are made *we shall look upon any democrat with distrust who will express a doubt of electing the entire democratic ticket* in a county where the democracy have at least four thousand majority on a full vote.

Well the Convention has been held; the candidates all nominated by decisive majorities; the fairness and regularity of the primary elections" endorsed by the *News* itself. How is it, then, that the *News* declines to "acquiesce in the result," or that it and its favorite candidates refuse to "abide by the decision of the Convention?" Is not the advice which the *News* (anticipating a very different result) proffered to others, good for itself? Suppose that the *News'* candidates for Sheriff and Treasurer had been nominated instead of Messrs. BANE and DOLAN, and that these gentlemen had "bolted;" the *News* would have been fairly vocal with indignation. Where sleep its thunders now?—Messrs. KIRBY and CARNEY, both candidates before the Convention, announce through the *News* their intention to run stump against the "regular candidates," and the *News*, instead of denouncing the "treason," "acquiesces" in it! Aye! the *News* evidently sides with the "bolters" against the regulars and "fairly" nominated candidates of the uncertified Democracy.—The effect of such an example upon the *morals* of the party must be disastrous indeed.

WRONGLY CLASSED.—In some of our cotemporaries we observe that the Hon. John Hickman is noted as an Anti-Lecompton Democrat. *As he voted the full Black Republican ticket on Tuesday last*, we suppose that Anti-Lecompton Democracy and Black Republicanism, like the Siamese twins, are so joined that, to separate them, would be the death of both.—*Pennsylvanian.*

This being the case, and "Anti-Lecompton Democracy" being, in the judgment of the Administration organs, identical with "Black Republicanism," Mr. BUCHANAN is left with only *two* members of Congress (FLORENCE and DICKINSON,) out of the *twenty six*, just elected by his own State of PENNSYLVANIA. When ever before did a President of the United States receive such a terrible rebuke from an indignant and betrayed People?

WAUKESHA COUNTY ASSEMBLY NOMINATIONS.—The Republicans of Waukesha have nominated IRA BLOOD, THOMAS CHANDLER, IRA ROWE and PARKER SAWYER, as their candidates for the Assembly. The Waukesha *Republican* says of them:

They are all good men and tried, capable, too, of discharging their duties, and if the Republicans in the several districts pull off their coats, discard all selfish ambitions, and frown down all divisions, every man of them will be elected.

We hope that *every* Republican in the County of Waukesha, will take this advice to himself and *go to work* accordingly. Not a vote should be lost to the Republican ticket in that County The go d cause demands *extra* efforts and the ready sacrifice of all personal feelings, at the hands of its true friends. Come up, then, brothers of Waukesha, to the work, and do your *whole duty* by the Republican cause and candidates!

DELAWARE GAMBLING.—The Peninsular (Del.) *News* says "six hundred thousand dollars will be the lowest sum offered the State of Delaware at the approaching session of the Legislature, for an exclusive lottery grant for twenty years, and a million can be obtained for it just as easily."

The Great Victory in Pennsylvania.

The Philadelphia *North American and Gazette* in summing up the causes and consequences which led to the recent tremendous overthrow of the Administration in that State, by which, in addition to the election of the whole of the opposition State ticket, a majority of the Legislature, and 22 out of 25 of the Members of Congress have been secured—which remarks we commend to our readers, for they are equally applicable in this State—says: "No election was ever held which so clearly reflected the honest sentiment of the people, and none into which intelligent judgment and reason entered so largely and exercised so commanding an influence everywhere. In our own city, there was no appearance of excitement at the polls, and none of the usual claptrappery. The people turned out, however, from a solemn conviction of duty, and recorded their votes, as they would a verdict, under a sense of a high moral responsibility. And what is true here, is true, also, of the whole interior.

With the single exception of Bedford, where the Administration has gained a few scattering votes, almost every district and county, and township and precinct have spoken their condemnation in thunder tones. The majorities come swelling in, like a mighty avalanche, sweeping through the old party strongholds with the fury of a storm of popular indignation, uprooting the ancient landmarks, and tearing away even the pillars of the "Tenth Legion," which never yielded before. We expected a grand victory, and predicted it confidently, as our readers well know. That confidence was derived from observation and satisfactory intelligence; but we are free to say, the triumph has surpassed our most sanguine hopes, as we know it has entirely exceeded the expectations of all the shrewd and experienced tacticians, whose opinions have heretofore been accepted as authority. None of us knew how deeply and widely the feelings of disapprobation had entered the popular heart, nor fully appreciated the purpose to express it sternly and unmistakably.

"Various causes conspired and contributed to produce this result. The sentiment which has already taken possession of the public mind, that the administration of the government can only be reformed by a great political revolution, exerted its influence. Men look to change as a remedy, and hence threw votes to aid it. Mr. Buchanan and his Cabinet invited judgment upon their acts, and the people determined to accept that invitation in such a manner that no false impression should go out to the country of their real opinions. The flagrant corruption at Washington, the appalling public expenditures, the prostitution of patronage to political purposes, the outrage of all propriety in enforcing executive dictation, and the open abuse of power, in proscribing Democrats for holding adverse opinions; these all entered the canvass. The tyranny practiced in Kansas, and the reign of terror established there by federal bayonets, exercised the sympathies and stirred the resentment of the people. And not the least important element was the assertion of the great principle, that American labor was entitled to receive protection through the legislation of Congress. The disaffection of thousands of anti-Lecompton Democrats, who became shocked and disgusted at the reckless and persecuting purpose of the Administration, aided materially in diffusing the spirit of indignant patriotism, which ran over the State like a prairie-fire. Superadded to such causes the Republicans and Americans wisely merged and ignored their independent organizations, and uniting under the expressive and commanding name of the People's Party, threw open their doors, and made common cause with all who were moved by the same impulse in opposing the Administration. Other influences were also doubtless felt.

"We consider this no passing triumph—Achieved with deliberate design, and without a show of excitement, it represents a principle which must stand. The sceptre of democracy has departed, and though it may here and there give signs of vitality, its death knell has sounded. From being a national party, boasting liberal ideas and a comprehensive policy, it has dwarfed down into a mere sectional organization, governed by executive patronage. Two principles to-day are all that remain of its protean platforms and pledges—one the extension of slavery, and the other free trade. The south demands both, and the democracy is the supple instrument of the south. It knows no north, nor east, nor west—only the south. Demoralized and distracted, rent by factions, the prey of demagogues, and the last resource of renegades, it staggers under the load of accumulated disorders, a spectacle of premature decrepitude and unsightly decay, that does not even extort a sympathy or regret. It has lived long enough to follow whatever reputation it once possessed to the grave and to bequeath a heritage of dishonored faith to those who still cling tenaciously to the shadow of a name. *Democracy* is doomed now and in the future. Out of its ruin another party may rise up, but the power of packed conventions, of caucuses and cabals, has passed away, to return no more.

"The Administration staked everything on this State, and has lost the game. All that desperate purpose could effect, backed by patronage recklessly and prodigally squandered, was attempted. Its emissaries entered the market openly with their bribes; the Navy Yard was made to swarm with enlisted partizans; the government officers of all sorts were laid under tribute; threats were fulminated even among the poor sewing women employed upon military clothing, which compelled their efforts, and no means were left untried to reach, even indirectly, every vote which such influence might approach. The Opposition had to rely solely upon the justice of their cause, and it has been nobly vindicated, by a vote which has no parallel in history."

DEMOCRATIC INDIGNATION MEETING—DEMOCRATIC MASS MEETING CALLED.—Under this head the *News* of yesterday gives a sketch of the proceedings in the Court House, Wednesday evening, after the adjournment of the Democratic County Convention. EDWARD MCGARRY, himself a victim of "bolting," was called to the chair and expressed his disgust with some of the nominations on the County ticket. Mr. MCGARRY was especially severe on JOHN DOLAN, the candidate for Treasurer, whom he denounced as a "traitor" and "bolter."

JOHN HORAN followed, and avowed his determination, for the first time, to oppose the Democratic ticket. He charged "trickery, fraud and bribery" in the selection of the candidate for County Treasurer, (DOLAN,) and said that "he should be sent to the Third Ward Primary School in order to learn how to spell his own name." He professed to believe that BADE and DOLAN had been nominated "by the aid of JOHN F. POTTER'S money in order to distract the Democracy and thus defeat BERIAH BROWN." As well might we charge our friend HORAN with being bribed by BERIAH BROWN'S money to "bolt" the regular ticket, in the hope of helping Mr. BROWN.

Col. JOHN WHITE, a prominent candidate for Sheriff, said that he had conducted the preliminary canvass fairly and honestly, as no man who knows the Colonel, for a moment doubts; and declared "that the convention had outraged the will of the democracy, and he would do all in his power to rebuke such trickery and corruption."

JAMES REYNOLDS, a delegate from Greenfield, said that he came specially instructed "to clear out the Old Court House clique; he did not think one of these men on the ticket, who were continually begging for office, were democrats, and he should withhold from them his support."

MATTHEW KROSH, a delegate from the First Ward, denied the imputation of having been bribed, but said that "a gentleman had offered him $50 for his vote, but he spurned the bribe."

Name! name! Mr. KROSH. Who offered you *fifty dollars* for your vote?

Mr. S. M. BOOTH made some remarks, but was called to order by Chairman MCGARRY, who informed him that this was a Democratic meeting.

GEORGE A. MCGARRIGLE, offered the following, which was adopted:

Resolved, That we will meet in Mass Convention at 7 o'clock P. M., Saturday evening next, in Albany Hall, to take such action as the emergency may require with regard to the nominations just made; and we cordially invite all democratic citizens opposed to any or all of the nominations made to-day to co-operate with us.

On motion, the chair appointed the following committee of arrangements to prepare for the meeting:

First Ward—P. Donovan.
Second Ward—George Abert.
Third Ward—John Horan.
Fourth Ward—Jonathan Taylor.
Fifth Ward—S. S. Conover.
Sixth Ward—Carl Buesack.
Seventh Ward—Edward Button.
Eighth Ward—Henry Millman.
Ninth Ward—J. A. Hoover.
Town of Milwaukee—Carl Hanf.
Greenfield—James Reynolds.
Franklin—Thomas Hogan.
Oak Creek—Wm. Lawlor.

From all this our readers will clearly see that there are "lively times" ahead for the November election.

A DAMAGING DISCLOSURE.—Hon. F. P. STANTON, Secretary of Kansas under Gov. Walker, in a late speech at Lawrence, made the following statement:

He (Mr. Stanton) came to Kansas in '57, believing it to be the intention of Mr. Buchanan to deal fairly with the people. Had not this been his opinion, he would never have accepted the position of Secretary, nor Walker that of Governor of the Territory. Justice demanded the admission that he still believed the intention of the administration to have been good. Its present line of policy was an after thought. Until the month of September he and Gov. Walker were sustained throughout by the administration. He would mention one circumstance which was not generally known, as showing this conclusively. On the 1st of September, General Whitfield and Dr. Tebbs, of Kansas, who were then in Washington, signed a letter "expressly stating that the course of Governor Walker and Secretary Stanton was acceptable to the people of Kansas, inasmuch as an undoubted majority were in favor of a free State." This letter was written at the special request of Mr. Buchanan, who was anxious to shield himself from the assaults then being made upon him by the South. Through Mr. Buchanan's agency the letter was sent to the *Union* office, and was actually in type, accompanied by editorial comments, endorsing the character of Dr. Tebbs as a "gentleman of unimpeachable veracity," when it was seen in proof by a Southern member of the cabinet, who *ordered* its suppression. From that day to this the course of the administration toward Kansas had been a most unscrupulous and shameful one.

PERSONS OF SEDENTARY HABITS, who are generally affected with *Vertigo, Languor and Exhaustion, Nausea and Headache*, have in Burkave's Holland Bitters a grateful remedy. It gives strength and energy to the system, stimulates the digestive organs, and corrects acidity of the stomach.

We would caution the public against purchasing any of the many imitations of this delightful *Aroma*. To prevent imposition be careful to ask for BURKAVE'S HOLLAND BITTERS.

LEA & PERRINS'
Celebrated Worcestershire Sauce!!

PRONOUNCED BY CONNOISSEURS TO BE THE ONLY "GOOD SAUCE," AND APPLICABLE TO EVERY VARIETY OF DISH.

EXTRACT OF A LETTER from a Medical Gentleman at Madras; to his brother at WORCESTER, May, 1851.

"Tell LEA & PERRINS that their Sauce is highly esteemed in India, and is, in my opinion, the most valuable as well as the most wholesome Sauce that is made."

Extensive Brands.

The only Medal awarded by the Jury of the New York Exhibition for Foreign Sauces, was obtained by LEA & PERRINS for their WORCESTERSHIRE SAUCE—the world-wide fame of which having led to numerous fraudulent imitations, purchasers are requested to ask that the names of LEA & PERRINS are upon the *Wrapper, Label, Stopper and Bottle*. LEA & PERRINS will proceed against any one infringing either by manufacturing or vending spurious Sauce, and have instructed their correspondents in various parts of the world to advise them of any infringements.

The Great Balloon Race.

The Rival Aeronauts on their Travels—Ascension of three Balloons.

Yesterday afternoon the great Balloon Race, which has been the talk of the town for the past two weeks, took place from the City Lot, and was witnessed by probably one hundred thousand people. The rival Aeronauts were to start at four o'clock, and long before that hour the grounds were comfortably filled with people, while outside, surrounding the entire enclosure, there was one dense mass of human beings—Wagons, carriages, carts, and vehicles of every description, were drawn up along the curb stones of the streets bounding the square. The streets were completely blockaded for a considerable distance in every direction. The fences were taken possession of, and the trees were waving with old and young America in the branches.

The picture, altogether, in the region of the City Lot, was a beautiful one. As far as the eye could get sight of a building more elevated than its fellows, the roof had been taken possession of. To have attempted a count, would have been like enumerating the leaves of the forest; and yet ten thousand persons in the crowd surrounding the lot could have spared a quarter each, and been none the poorer, and in a measure remunerated the daring aeronauts for their trouble.

THE AVANT COURIER OF THE RACE.

At ten o'clock in the forenoon the inflation of the large balloons commenced within the enclosure, and when about half full of gas, the small balloon, the "Niagara," was brought upon the ground and filled. At 4 o'clock, J. C. Belman stepped into the car, and waving the stars and stripes, was cast loose from the earth, and rose rapidly above the heads of the immense mass, amidst the shouts of thousands. The voyager moved off in a North-Easterly direction, at an altitude of about one mile. The ascension was a beautiful one, and quite exciting, and on a first attempt on the part of Mr. Belman to make a trip unaccompanied by an Aeronaut, may be regarded as eminently successful. He went up beautifully; how he came down we may be able to chronicle before our paper goes to press.

THE BALLOONS IN THE GREAT RACE—THEIR DIMENSIONS AND APPEARANCE.

The balloon of Professor Steiner, which he styles "The Pride of the West," is constructed of the finest Irish linen, (five hundred yards being required,) and is almost transparent. It is shaped much like an egg, and possesses an ascending power, when fully inflated, sufficient to carry one thousand pounds, including its own weight.—The amount of gas contained in it when filled, was 30,000 cubic feet. The car in which the aeronaut rode was a large round willow basket, about four feet in height, tastily covered with red velvet and gilt lace. Inside the car the Professor had about six hundred pounds of ballast, a basket of provisions, a can of water, and a bottle of wine, the latter contributed by a friend.

The Balloon of Monsieur Godard, "the Leviathan," was much larger than its rival. It was constructed of brown linen, and when inflated made a beautiful appearance, being much more symmetrical and egg-like than the "Pride of the West." It has also greatly the advantage in the amount of gas, it requiring 36,860 cubic feet to inflate it—giving Monsieur Godard 6,860 feet of gas the advantage over his competitor in the race. In the basket with the Aeronaut was Mr. William Hoel, who made an ascension with Mr. G. some two or three years since, and came near losing his life in the descent, getting two or three of his ribs broken and being otherwise injured. He certainly exhibited an uncommon degree of nerve to attempt a second aerial voyage after his former experience.

THE COMMENCEMENT OF THE RACE—THE AERONAUTS OFF TO THE CLOUDS.

Notwithstanding the well-directed efforts of Mayor Thomas, Chief of Police Rufin and the force under their command, (all of whom deserve credit for their exertions) the crowd almost overran the Balloonists before they left the ground They broke down the ropes and surrounded the cars and balloons, hardly affording a passage-way between the two for the Committee to arrange for their departure. The utmost anxiety prevailed to see everything and hear everything connected with this extraordinary and novel undertaking.

At ten minutes past four, Prof. Steiner announced to the Committee that he was ready, and jumping upon the hoops of his balloon, called upon his rival to "Come on." Some delay occurred in getting Monsieur Goddard's apparatus in readiness, but at twenty-one minutes past four the word was given by Mayor Thomas for a start, and both balloons were cast loose Prof. Steiner started off a little in advance of his competitor, the Aeronaut standing erect in his car and waving the American flag to his thousands of friends below, who simultaneously joined in a shout that might have been heard over half the city. The thousands upon thousands outside were no less enthusiastic in their admiration of the beautiful sight, and joined in the general huzza for the stars and stripes.

The balloon attained an altitude of perhaps a mile, and then struck off directly in the wake of the "Niagara," the Professor waving his flag and throwing out papers and handbills as he ascended.

Monsieur Godard followed in a second or two after rising beautifully above the immense throng, and starting off in the same direction. At the height of one or two hundred feet Monsieur climbed from the basket upon the hoops of the balloon, and waved a farewell with his cap to his friends below. The chase then became exciting. In racing parlance Steiner had the "inside track," followed hard and close by his more powerful rival, who soon appeared to "lap" him for a sharp brush. Then Steiner seemed to open a gap of a few rods, and in a minute after the two appeared to be neck and neck, sailing along majestically.

The two balloons remained in sight for perhaps three quarters of an hour, and as far as could be determined by the eye, the general impression was, amongst the multitude, that Prof Steiner was a considerable distance ahead of his rival, while the "Niagara" had entirely disappeared from sight. Whether the American colors will be able to maintain the advantage ground gained on the first few miles, against the more powerful French representative, remains to be determined.

Both aeronauts carry with them printed despatches to send down to terra firma whenever they pass a town, with directions to have them forwarded to the nearest telegraph station. How long they will remain up is a matter of conjecture. Should nothing unusual occur they will continue their voyage for perhaps twenty hours, and should they strike a rapid current of air, will be over or upon the borders of Lake Erie long before our paper goes to press. Both are daring and experienced Aeronauts, and we are confident neither will yield the race so long as their balloons have power sufficient to keep them above the house-tops.

The contest is not one for a wager. Monsieur Godard challenged the world of Aeronauts and Prof. Steiner in particular, and that gentleman accepted it promptly. The result was the exciting race of yesterday, which, as the first of its kind upon record, may be regarded as an event worthy of all the attention it has received from the hundred thousand people who witnessed the ascensions.

By our telegraphic despatches, which will be found under the usual head, it will be seen that the Aeronauts have been seen at different points on their travels.—*Cincinnati Gazette, Oct. 19.*

GODARD came down at half-past 10 at night, 15 miles from Sandusky, and STEINER half an hour later within a mile of Sandusky. STEINER, therefore, wins the wager.

TO THE PUBLIC.

In answer to the numerous letters addressed to me on the subject of the Mustang Liniment, I would say that I have had no connection with that article for several years. It was invented by me, and while put up under my control and supervision, was universally accepted by the public, as the best liniment in the world. In 1850 I sold out my interest in it to other parties, and since that time it has passed through the hands of several persons, most of whom have been so unscrupulous as to manufacture it of inferior and cheaper articles, and thus to entirely destroy its value as a medicine. Depending upon its former reputation, and upon the advertising for success in selling to its former highly established reputation. Its present proprietors have gone so far as to substitute other articles in the composition for them in the original prescription, so that the Mustang Liniment now vended pos sesses no one of the distinguishing characteristics of the genuine article, as it was originally invented and manufactured by me. These parties, to enable themselves with more facility to dispose their worthless and injurious article on the public, use *my name* as its author, calling it "Bragg's" Mustang Liniment, and continuing the public to beware of any other Bragg's Liniment as an imposition. I am now furnished with a circular containing a pamphlet against "Bragg's Arctic Liniment," an article more especially known as Dr. Oliver T. Bragg's, for all the virtues of the original Mustang, with some improvements—the result of experience and later discoveries—and manufactured by Bragg & Burrowes, which firm is composed of my son, Oliver T. Bragg, and myself. This article, I am free to say, is superior in many respects to the Mustang, when it was put up pure and in good faith, and is immeasurably superior to the article now vended as the Mustang Liniment. It is not the Mustang Liniment in connection with which my name is appended by my authority or consent. In conclusion, I cannot hold myself responsible for any of the evil results of using the Mustang Liniment now vended, and only accept the above disclaimer of any connection with its proprietorship or manufacture.
Respectfully,
J. M. BRAGG, M. D.

R. R. R.

On the 1st day of September, 1853, Mr. Charles Randolph called at the R. R. R. office, and stated that for ten years he had not enjoyed a single meal. He had not, for five years, had a natural discharge from his bowels; but was obliged to resort to injections, &c. He was pale, haggard and thin. We ordered Radway's Regulator, one each night, and Radway's Resolvent three times per day. On the eighth of September he called upon us. He was so altered that we knew him not.

His appetite is good—his digestion easy—his skin moist and healthy—his step elastic and buoyant—his body vigorous, and his eye indicative of a man of health and energy.

For Liver Complaint, Dyspepsia, Difficulties of the Urethra and Bladder, Radway's Regulator and Renovating Resolvent are a quick and a positive cure. For all Aches and Pains, for Neuralgia and Rheumatism, for Nervous and Bilious Complaints, Radway's Ready Relief is quick and effectual. In five minutes' time after its application, the patient is free from pain.

R. R. R. is sold by O. Hagemeister, Dsworth & Sons, L. P. Lane, and J. H. Tesch, Milwaukee, and by Druggists everywhere. oct11 dawlw

FASHIONABLE RESORTS.—Gentlemen and their families would do well in their summer trips to the North, for a few months' sojourn at Cape May or other fashionable resorts, to bear in mind that the sedentine chest medicine in addition, without which it would be incomplete. We refer to the justly celebrated ELECTRIC OIL of Prof. Clark, De Graff, New Jersey. Established, for the very reason that it performs in most cases what it is intended for,—
Bruises, Sprains, Swellings, Cuts, Burns, Scalds, Toothache, Ear-ache, Headache, Corns, Scrofula, Erysipelas, Sores and Pains, internal and external.
Certificates continually come in; a number have been received this week, and I enumerate a few of the complaints cured:—
Ask Mr. Watkins, of Lynchburg, if Charles De Graff's Electric Oil did not cure him of Rheumatism and sprains received from a fall.
Ask Rev. Mr. Caldwell if it did not relieve him of a severe cough and pains in the breast in one night.
Ask Mr. Welch, of Buchanan, if it did not cure him of swelled glands in the throat in fifteen minutes, when the doctor said he would die in a few hours.
Ask Mrs. Argyle if it did not relieve her of the headaches in fifteen minutes.
Ask Mr. Blackford, of Lynchburg, if it did not cure him of head-ache in fifteen minutes.
This Oil is mild, pleasant and harmless—its properties are all for good—children should have it given to them for teething and for croup. Send for circular containing testimonials of Electric Oil. They know nothing of its manufacture, their only aim being to get money! Look out! Beware! The only genuine is made at the old establishment, 59 Eighth street, Philadelphia, and not removed as advertised by a base scamp. Name on the wrapper and blown in the bottle.
Druggists and agents must address their orders to Professor Charles De Graff, the only long established store No. 59 South Eighth Street, a few doors re'ow Chestnut.
☞ For sale by Dsworth & Sons, and J. H. Tesch, Milwaukee; Babcock & Davis, and Reed & Co., Chicago; and by Druggists and Merchants generally throughout the country. oct16 d&w 1y

G. SIMMONDS,
SOLE PROPRIETOR AND MANUFACTURER OF
PURE OHIO
Catawba Brandy.
THIS Brandy has been manufactured for several years from the pure juice of the Catawba Grape, thus fulfilling additional evidence of the progress of American enterprise and industry, and of our ability to produce articles at home, equal to those made by any other nation.
The Ohio Catawba Brandy, not only equals but excels the best imported Brandies, in purity and flavor. It is in fact the best Brandy known. This statement is fully corroborated by the certificates of our most distinguished analytical chemists.
The want of pure brandy has long been felt in this country, and the introduction of an article of such quality as to supercede the sale and use of those vile compounds that are sold under the name of Brandy, can only be regarded a great public good. The Catawba Brandy passes all the good qualities claimed for the best imported liquors, and is of perfect purity and superior flavor, and a sovereign and sure remedy for
Dyspepsia, Flatulency, Cramp, Colic, Languor, Low Spirits, General Debility, &c.)
NO FAMILY SHOULD BE WITHOUT IT.
